CHAS. J. C. KLINE 4 00. 127 Bowery, New York P ffice Box 4,586.

It has long been claimed that if we knew it, there would be an herb, or a combination of herbs, roots and barks that would core all the ills human flesh is heir to. Dr. Mishier, with a few of his professional friends, have kept this idea constantly in view, and labored carnestly and perseveringly for years to find this most desirable treasure. Though they have not found an instant cure for all complaints, they have not found an instant cure for all complaints, they have nevertheless discovered a remedy, which, as yet, has never failed in caring Chills and Fever, Dyspepsia, and all diseases arising frem any impurity of the blood or disarrangement of the digestive organs, including Liver Complaint, Coughs, Cold., Sick Headache, Neuralgia, Nervousness, General Debility and all affections of the Kidneys and Uripary Organs.

This great discovery, in honor of the indefatigable labors of Dr. B. Mishler, is called Mishler's Herb Bitters, and whenever introduced takes the place of Quinine and the host of other remedies used heretofore for the complaints mentioned above. Great Discovery. fore for the complaints mentioned above.

A FRIGHTFUL TALE. Husband Buried Alive by his Wife and Her Lover. [From the Memphis Avalanche.]

Tom Still, a colored man employcd as a foreman on Mrs. Bronson's Diseases of the Heart, Liver, All the existing specialties of the NEW Plantations, lived with his wife, sevduring the progress of the year. It is due residence. A negro, known as Edto a public that long ago adopted this laund Tunstail, was a frequent vistime-honored weekly as its favorite sheet itor, and it had long been suspected to keep it at the head of its class by a liberal outlay for the very best literary matter (suitable for a paper) procurable on either side of the Atlantic. This will be done. Romances, Novelettes, Satirical Sketches, Humorous Poems, Fancy Tales, in Edmund than her husband. and articles on American Sports and Pastimes, the latter, not having the courage to and a weekly digest of all that is interesting in Theatrical and other popular Amusements and Recreations, will figure simply sought to protect himself in the contents of the NEW RORK MER- from any effort of Edmund to put CURYfor the coming year. Through the him out of the way. One morning some, and so we dream about the department appropriated to the youthful Still was missing from the plantaauthoresses of America, hundreds of ladyelicited from Mrs. Still that he went ionable bend, which now so forci-This channel of communication between out to feed some hogs on another bly deforms, was the signification of young ladies of talent and the reading portion of the plantation the night world will continue open to the former; before and had not since been heard

> To Mail Subscribers our terms for 1869 vine about fifty yards from Still's cabin. In a moment more the diswere dragged out of the ground; -His head and face contained a number of frightful gashes, evidently inflicted with an ax. Mrs. Bronson at

once ordered the arrest of Mrs. Still and Edmund Turnstail as the mu .. derers. Upon being taken in custody by the negroes, Mrs. Still made a full confession of her guilt, and said she loved Turnstail, and that her husband was in the way of her happiness. They had long ago de termined to rid themselves of him .-Recently she sought to kill him by putting poison in his coffee; but Still seemed to suspect the design, and plaining that it was bitter. On the night of the murder Edmund came to the house, it being understood that Still was to be removed. Outside the door he secreted himself with an ax. After waiting outside a which they seek to refine by calling short time, Mrs. Still found a pretext it a "bend," and it conveys the idea to send her husband into the yard .-Edmund stealthily followed with ax in land. Suddenly increasing his pace, he overtook the unsuspecting victim, and with a blow from the ax, felled him to the ground. Other blows followed until he believed the work done. Mrs. Still joined him, and together they carried the mangled body to the ravine. It was the highest virtues which adorn the placed on the ground until a grave sex. Wherefore, then, the differbetween one and a half and two feet ence? Only this: the one figure deep could be prepared. But while the Broadway pedestrian-flaunts forcing the victim into it the murderers were startled to find that life was not extinct. The body moved and sounds came from the mouth of the supposed corpse. Nevertheless it was crammed into the hole; and then Edmund jumped upon it, and in that manner forced it below the surface; with their hands the partners in the Bend, to be acceptable under the crime scooped in sufficient earth to ethics of true art, must be accompacover the remains of the murdered it was originally made familiar to together! The confession was made ing it must either exhibit the natural us. And ladies who persist in adoptwith as much unconcern as though contour of their persons, or be the almost frenzied the colored auditors ate vengeance. But Mrs Bronson

husband and friend. And then, burrying to his cabin, passed the night involving a mere picadillo, and Edmund offered no contradiction. It who insisted upon wreaking immediinterfered and instead of dangling on the adjacent limbs of a neighboring tree, they were manacled and sent to Holly Springs jail.

The Grecian Bend.

[From the Round Table. We have come to the conclusion all efforts to smother them; for their crescences, contemplate whether they radiance shines out in brilliant flash- can not find some means by which to es through all the artful devices of conceal their all surpassing beauty the modistes. THE NEW YORK MERCURY, with fruitlessly in different portions of the our own country—men who loved beauty as too divine a thing to be State of South Carolina during the war, Vice President Georgia Medical Association:

Dr. Lawrence: I have carefully examined your and Periodical Dealers in America.

Was attracted by the presence of hidden or veiled, still less to be but some fresh earth at the head of a rate. some fresh earth at the head of a ra- lesqued. And the "bend" becomes to us a signification of modesty: a token of the divinest virtue which adorns a woman; an emblem of chastity and a type of love. And while we think over this, and

contemplate in the innermost recess. es of our heart the cause for so significant a difference-that there a form should be indicative of so much vi tue, while here, in its exaggerations, it is used to represent so much that may not be virtue-it suddenly occurs to us that in those ancient masterpieces where the bend is so exquisitely beautiful, the figures are nude, whereas in the modern exaggerations-well, the figures are not What, then, is the logical conclusion to which we are necessarily driven? The suggestion may be alarming, but in these practical dars we must not be terrified into inaction or silence by any result to which a

truth or fashion may lead us. The we men are not; why should we be? We walk down Broadway and there of ugliness, deformity, depravity of art, and recklessness of character for modesty, good sense and purity. We turn into the studio of the 'sculptor, we wander in spirit through the art treasures whi h for centuries have there see the same form-the genuine bend-illustrating and typifying herself in padding and gew-gaws and gay draperies, and the other figurethe Athenian model--is nude. How violent the antithesis! Immodesty draped, and modesty naked! Immodest because so draped: modest because thus naked. There is, then, but one conclusion: That the Grecian

exemplifications of questionable morality, and very questionable bad As we already have said, the conclusion is slightly shocking-especivily to prudish people like ourself of the Bine Licks of Kentucky without the un--- but how are we to avoid it? We state nothing more nor less than the inevitable logical inference. We do not wish to become fashion mongers and even if we did, could not, with our love and admiration for the sex honestly suggest that they should that the women of New York are lay aside all habiliments in order to the most beautiful women in the display the exquisite refinement of world; for there is no civilized place the Grecian Bend. On the contrary, within our knowledge where the wo- we conjure them, one and all, not to men go to so much trouble and ex. act upon the suggestion, not to atpense to make themselves hideous, tempt anything of the kind, especialand with so little success. We do ly in the present inclement season. not qualify our opinion, and say the But they may take the remaining young women, for of course the sex course, to philosophize as we have is ever young-youthful in charms as done. They can philosophize beyouthful in innocence-from the lit cause there is no sex to mind (Miss tle bashful maiden with her borrow.
